Case Studies

Lauchlan Pub Crawl

Lauchlan sought a tailored boating experience that allowed enjoyment without concerns about boating drink-driving. Pontoon Boat Tours crafted a personalised pub crawl experience, picking the group up from a private jetty, facilitating visits to their favourite venues with full safety compliance, and enabling them to continue their celebration seamlessly.

Sue – Holiday Home Rental

Sue and nine elderly friends rented accommodation in South Yunderup to celebrate a milestone birthday. With no access to boating services suitable for their needs, Pontoon Boat Tours provided an exclusive sunset river cruise, picking the group up directly from their private jetty and ensuring an unforgettable, intimate celebration.

I cannot recommend this service enough! Captain Nige made me feel so safe. I am an older woman who cannot swim and feel frightened on boats. I also have some trouble walking. Captain Nige picked me up from a different jetty to save me walking. He helped me on the boat and reassured me with his safety talk and then told me exactly where we were going. The boat was so smooth, and I have never felt so safe on a boat. I would definitely recommend Pontoon Boat Tours to elderly people or people who feel nervous on boats. And it was so much fun!

Ann

What an amazing experience. Definitely book yourself a tour! Captain Nige couldn't have done more for us. Very comfortable boat. We will certainly rebook next time we are here.

Tania Baldwin

What a beautiful balmy night we had with friends aboard Nige's luxury Pontoon Boat Tours last night. Right up the beautiful Murray River and back downstream for a glorious estuary sunset. Get a group together, give Captain Nige a call.
